2009 RY31-s1 & RX32-s1. For 2009 both the RY31-s1 and RX32-s1 are offered with many standard features. Each chassis comes with Freeline Hi-Tech hubs and Freeline DF-Series magnesium wheels. The all-new 25mm front spindle has been introduced to provide increased handling characteristics using a lightweight and adjustable design like no other manufacturer. Cast-iron floating brake rotors have been developed to give the Freeline "CX" brake system even better and more consistent stopping power. Find either the RY31 or the RX32 now from your nearest MRP/Birel dealer. Go to the front - Go Birel.
