RY30^{S3}

The all-new **RY30-s3** expands on the already proven and versatile "S2" model RY30 with several improvements to make an already championship winning chassis even better. The RY30 is loaded with standard features such as the Freeline Hi-tech hubs and Freeline magnesium wheels as well as the 25mm front spindle design with an 18-position eccentric bearing system for increased adjustability. The all new RY30 promises to be one of the best Birel racing chassis ever made. Learn more at www.BirelAmerica.com

RY30 - S3

Standard Equipment :

- Removable front torsion bar
- Adjustable caster/camber eccentric bearing
- 30mm chassis construction
- Adjustable front & rear ride-height
- Freeline "CX" brake system w/ floating rotor
- Freeline spherical castor/camber adjusters
- Genuine Freeline magnesium wheels
- Removable 4th frame rail
- 50mm Freeline axle (40mm optional)
- Freeline CLK09 bodywork
- Birel Motorsport graphics kit
- Available w/ front brakes

Junior & Senior TaG / Rotax, 100cc & 4-cycle
