# ABOUT US

- We incorporate professionally-focused, business and corporate entertainment programs available at multiple facilities in the Midwest.
- We've successfully catered to hundreds of companies and organizations for their promotional or team building needs.
- We can assist you in providing a program modified to your company's individual needs in a unique and challenging environment.

*Addressing a group for team unity and team building lessons.*

## OUR TRAINING TOOLS

***Group unity and teamwork is key to a successful business. Karting is our way of promoting these skills and having fun at the same time. Instead of meeting in the office, meet at the racetrack!***

*Rock Kart in action!*

*Preparing a race group.*

- "Rock Karts" are 9-horsepower racing karts designed for racing and safety. These equally-tuned karts are a perfect tool to help us promote teamwork while having a great time in the process.
- Our 100cc racing karts are for the serious race groups. With 14-horsepower, these specially built karts are bred for competition. This program can give your group true excitement through head-to-head competition.

***We can cater groups from four to four-hundred!***

***TEAM BUILDING & CORPORATE ENTERTAINMENT PROGRAMS***

# AVAILABLE PROGRAMS

## Corporate *SPEED*

- The ultimate training / teambuilding or corporate entertainment exercise for your company. Corporate Speed offers you a challenging and creative alternative to the typical company outing. Programs are offered using our "RockKarts" as well as our 100cc racing karts.

## GRAND PRIX TEAM ENDURANCE RACING

- An endurance racing format that "teams" up 2-4 individuals vs. other teams in "RockKarts". This is a fabulous format for team-building, charities and celebrity events.

## FUND *RACING*

- Through this program, the "RockKarts" are utilized to assist in raising funds for your partner charity.
