- | | | | | | |
|--|----|----|---|----|---|
| <input type="radio"/> Adjust chain tension & tighten motor mount bolts | P1 | P2 | Q | PF | F |
| <input type="radio"/> Inspect gear & chain wear and alignment | P1 | P2 | Q | PF | F |
| <input type="radio"/> Lubricate chain with chain lube | P1 | P2 | Q | PF | F |

BRAKES:

- | | | | | | |
|---|----|----|---|----|---|
| <input type="radio"/> Check brake fluid & brake cables | P1 | P2 | Q | PF | F |
| <input type="radio"/> Clean rotor and pads w/ brake clean & inspect wear (add shims or replace pads if necessary) | P1 | P2 | Q | PF | F |

TIRES:

- | | | | | | |
|--|----|----|---|----|---|
| <input type="radio"/> Check tire wear & rotate if necessary | P1 | P2 | Q | PF | F |
| <input type="radio"/> Check tire pressures & inspect for leaks in valve stem, core or sidewall | P1 | P2 | Q | PF | F |

ADDITIONAL NOTES:

- | | | | | | |
|--|--|--|--|--|--|
| <input type="radio"/> Prior to each session, prepare your "Set-Up Notes" sheet and clean and prepare your safety equipment. Take good notes and record your data for future review. If your kart uses a battery, make sure you keep battery charged and have a charged spare as a back-up. | | | | | |
